

# Gianalberto Secchi

CHIEF OPERATING OFFICER  
OFFSHORE WIND

Born in 1966, he graduated in Industrial Technology Engineering at the Polytechnic University of Milan where he also completed his MBA. He joined Saipem in 1993 and has spent more than 20 years working internationally in northern Europe, the Middle East and Asia. He has a background in the execution of large-scale multidisciplinary projects portfolios and regional management. He also spent a few years in the offshore telecommunication industry. In 2021 he was called to drive the execution of offshore wind farm projects in Europe, becoming then head of the newly formed Business Line in 2022.
